## RECEIPTS

Appropriated .....	\$1,066 00	
Appropriated for overdraft .....	174 56	
		<hr/>
		\$1,240 56
		<hr/>
Overdrawn .....		\$2,098 07
		<hr/> <hr/>

This is not an actual overdraft, because the facts are as follows: The total available, as per figures from the State Comptroller's office, is \$2,942.91. Credited against this is Castine's appropriation, as per State's figures, of \$1,012.70 (the State using that amount instead of the \$1,066 actually raised), plus \$30 deducted for mothers' aid, leaving a balance of \$1,900.20, for which the Comptroller's Office sent check to town treasurer on February 12, this credit not being received from the treasurer's office by municipal officers at the time of closing the books. The actual amount expended by town was \$3,164.07, and after deducting the said amount of \$2,942.91,

there is left an actual overdraft of \$221.16. At the time the work was done, the amount given the town as available, by the representative of the Highway Commission, was \$3,080.10, but this amount was reduced to \$2,942.91, thus accounting for the actual overdraft being \$221.16 instead of \$83.97.

#### REPORT OF EMERSON HALL COMMITTEE

---

To the Citizens of Castine:

In making this report, we wish to state our aim has been to make the town hall available for all organizations desiring its use at the smallest cost possible, to make urgent and necessary repairs, to preserve and protect the building until large amounts were available, and to keep our expenditures within the amount allotted by the town for our use.

We have secured a rebate on fire insurance by removing fire hazards such as rubbish, waste material and defective wiring, etc., which will also reduce the fire insurance by about \$80.

Only small necessary repairs have been made in the way of cleaning and oiling the floors, painting and varnishing. Valves have been placed in radiators to permit their being shut off when not in use.

The committee wishes to thank the organizations and individuals who have cooperated with it in obtaining the above aims.

We desire your cooperation in making the Town Hall a community center, and any suggestions, criticism or advice made at the annual town meeting will be greatly appreciated.

We recommend that an amount not less than that raised the past year, be appropriated for the maintenance of the building and to provide for emergency repairs.

Respectfully submitted,

NOAH B. HOOPER

ETHEL B. LEACH

LETITIA A. HALL

WILLIAM PATTERSON

ALVAH CLEMENT

We have had fourteen chimney fires, one wind-mill, one house, and several grass fires.

RAY HOWARD, Fire Chief.

## PUBLIC GROUNDS

The public grounds have been kept in the best possible condition with the funds appropriated. The swimming pool has been given the same thoughtful care as it received the previous year.

The committee wishes to keep in the minds of the citizens that there is still much work to be done in the cemetery. We urgently recommend that trust funds be given the town for the care of lots whenever possible. Uncared for lots detract from the appearance of the cemetery and it is our earnest purpose to improve our public grounds so they will be a credit to the town.

LOUISE WHEELER BARTLETT

NOAH B. HOOPER

LORNA D. CLEMENT

## REPORT OF LIBRARY TRUSTEES

To the Citizens of Castine:

During the year the number of books in circulation was 10,173. Of this number, 1,745 were non-fiction.

Books were presented by Judge Patterson, James B. Noyes, Mona Ladd, Beatrice Spurling, Mrs. William Hooke, Mrs. William White, Miss Anna Witherle, Miss Graff and the Reading Club. Several books were received from publishers. Magazines were presented by Miss Gay, Mrs. Austin Bowden, Mrs. William Hooke and Miss Edith Bean. Cash deposits were left by Mrs. Michelson, Miss Rhodes, Mrs. Shultz, Miss Balch and Mrs. Clausing.

The trustees recommend that the customary amount be raised for maintenance, \$550, and for library increase, 50 cents per taxable poll.

The trustees extend thanks to all who, by their gifts, or their interest, have contributed to the support of the library during the year.

Respectfully submitted,

AMY C. WITHERLE,

GERTRUDE LEWIS,

JOSEPH W. DEVEREUX,

HAROLD S. BABCOCK, M. D.,

ARTHUR W. PATTERSON,

Trustees.

**AUDITOR'S REPORT**

---

Castine, Maine, February 27, 1937.

To the Citizens of Castine:

I have examined the accounts of the selectmen, overseers of the poor, tax assessors, collector of taxes, superintendent of schools, public grounds committee, fire chief, and trustees of Witherle Memorial Library, and find same to be correct, with suitable vouchers. I have not been able to examine the accounts of the treasurer up to this date, due to his absence from town, and for the same reason it has been impossible to make such verifications as are necessary in connection of his accounts. A report in respect to his accounts will therefore be made from the floor at the annual town meeting.

Respectfully submitted,

ARTHUR W. PATTERSON,  
Auditor.

# SCHOOL REPORT

---

## REPORT OF THE SUPERINTENDING SCHOOL COMMITTEE

---

To the Citizens of Castine:

The superintending school committee has carefully considered all matters in connection with the schools for the fiscal year, and we approve the recommendations as suggested by Superintendent Philbrook in his report. We call the attention of the citizens to the fact that these recommendations of the superintendent represent a minimum operating expense for the present degree of efficiency now apparent in the school system.

The committee as authorized by a vote of the town at the special meeting on May 11, 1936, entered into a contract with the State Board of Normal School Trustees, under the terms of which the State provides suitable quarters and satisfactory equipment for the common schools and provides the current expenses of conducting said schools, such as paying teachers, janitor service, fuel, text-books, supplies and repairs, at an approximate minimum expenditure of \$6,500 per year, of which amount the town pays \$2,500.

The management of the schools is jointly in the school committee and superintendent and the normal school officials, and the course of study conforms in subjects and arrangements to the State course of study. In addition to the amount paid the State, the town bears the expense of transportation.

It is the opinion of the committee that this arrangement has worked out in very satisfactory fashion, and that the elementary teachers are to be commended for the good work they have done this year.

As is of course well known, there was a complete change this year in the faculty of the Castine high school, the present teachers being John J. Kassay as principal, Jeanette Cutts first assistant, and Earle E. Jowdry as teachers of commercial subjects. The committee feels that these teachers have done excellent work during the year, and we call especial attention to that part of the superintendent's report dealing with conditions in the Castine high school.

Our relations with Superintendent Harold Philbrook have

been most pleasant, and he has cooperated with us at all times.

Respectfully submitted,

ETHEL B. LEACH

ERMO H. SCOTT

ARTHUR W. PATTERSON

## **REPORT OF SUPERINTENDENT OF SCHOOLS**

---

### **Common Schools**

The new contract arrangement with the State has worked out satisfactorily this year. The financial basis of the contract is advantageous, as the amount paid would no more than pay three good elementary teachers, to say nothing of housing, heating, supplies, repairs, janitors, incidental expense, etc. The contract states as follows: "The management of the school shall be under cooperative management of the school officials and the normal school officials. The law provides that the schools of the town shall be under the authority of the superintending school committee, who shall make reasonable rules and regulations consistent with the welfare of the school but shall not do violence to the laws of the State."

The new arrangement making possible the provision of modern, adequate conveyance has also been a beneficial outcome of the present plan.

### **High School**

The work of the high school has been eminently satisfactory this year. There has been a commendable atmosphere of attention and work, and the disciplinary element of the school conduct has been well handled. The teachers in a school of this type are called upon to do much more in the way of extra-curricular work than is the case in schools with larger faculties. The teachers this year have carried on these essential activities very successfully, and deserve credit for the time and energy they have devoted to school affairs outside the classrooms. Much credit is also due Mr. Kassay for his work in the schools with the N. Y. A. funds. He has materially improved the appearance of the school building,

and has at the same time by his activity made it possible for a number of the boys and girls to earn while attending school.

### Accounts

It is hoped this year that funds will be made available for conveyance of high school pupils. They are now being carried under a working agreement with the contractor. Under the proposed arrangement, the contractor would receive the same amount as he does now, \$1,199, with the exception that instead of all of this amount being appropriated and paid from the common school account, part would be paid from a special high school conveyance fund. This would clarify the legal situation as to the carrying of high school pupils, and would also, on the basis of information from the Secretary of State, make the bus available for such extra trips for school purposes as basketball, picnics, informational trips, etc. This would be very desirable as an additional school service for the young people of our town, and would not increase the cost of the conveyance contract at all.

### Recommendations

Commons schools	\$3,100*
High school	3,700
Conveyance of high school pupils	300
Text-books	150
Repairs	175
Supplies and equipment	250
Superintendent	350
Medical inspection	45
Insurance, lights, etc.	125

\* If \$300 is raised for high school conveyance, if not, \$3,400.

H. C. PHILBROOK, Superintendent.

## NURSING REPORT

---

TO the Selectmen of the Town of Castine, Maine:

I hereby submit the report of the services rendered the town of Castine, by the Hancock County Health Service, February 1, 1936 to February 1, 1937.

The purpose of the service, is to teach and promote health, to care for the sick emergency, with aims in mind, in contact with children in school or in clinic.

The work in schools has been much the same as in previous years—routine weighing, measuring, classroom inspections for special reasons for physical defects, and infectious diseases.

The annual physical inspection has been given all pupils of the Castine schools, grades 1, 2, 3, 4, 5 and 6, of the training school, the high and grammar. Following is the result of this inspection:

Number of pupils who were found to have infected eyelids, 4.

Number of pupils who were found to have defective vision, 7.

Number of pupils who were found to have defective hearing, 1.

Number of pupils who were found to have decayed teeth, 57.

Number of pupils who were found to have abnormal throats, 14.

Number of pupils who were found to have obstructed breathing, 4.

Number of pupils who were found to have defective posture, 3.

Number of pupils who were found to be 10 per cent or more under weight, 9.

Number of pupils who were found to be 20 per cent. or more over weight, 6.

Number of pupils who were found to have diseased gums, 1.

Of the 125 pupils inspected, 80 were found with defects, 45 eligible to qualify for the six and seven-point certificate and pin. Of the 57 having decayed teeth, 34 have the temporary decayed teeth, while 30 the permanent, and 9 needing prophylactic cleaning. Since previous inspections, there have been 6 visions, one tonsil and adenoid case corrected, and 55 dental.

Notification slips were sent to the homes, stating the defects found in the individual pupils; 74 school follow-up visits have been made to the homes; also 2 pre-natal visits, 6 post-natal, 14 baby, 97 pre-school, 14 to a tubercular case, 2 to a bed patient, and 22 to the chronically sick.

The Red Cross of Castine has been very active each year in promoting dental corrections among the school children.

Two school pupils were conveyed to and from an eye specialist in Bangor; eyes examined and fitted to glasses.

Nursing visits made to a bed patient, warm sponge bath given, followed by an alcohol rub, and patient made comfortable.

Necessary, but time and space-consuming activities, include not only the public health welfare visits to babies, pre-school, pre-natal, post-natal and school follow-up, but visits to eye specialists, physicians, dentists, hospitals, sanatorium, clinics, selectmen, committee members, and needs of patients requiring medical attention.

The service rendered the towns of Hancock county is financed through the sale of Christmas Seals and by town appropriation, for which we wish to express our sincere thanks and appreciation, to all who have helped in any way to make this work possible.

WINIFRED L. DUNPHY, R. N.,  
Hancock County Public Health Nurse.
